

Medical + Dental: **BETTER TOGETHER**

Experience a new way to take care of your total health.

Combining Kaiser Permanente's medical and dental coverage lets you experience our uniquely coordinated approach to care. Save a trip – and often a copay – by taking care of minor medical needs, like flu shots or vaccinations, during your dental appointment.* Plus, your dentist can view your electronic health record to see if you're due for a screening, lab test, or follow-up appointment.

Learn more at kp.org/dental/nw.

*Medical services are not available at all dental locations. You must be enrolled in a Kaiser Permanente medical plan to receive medical care.

BENEFITS TO YOU

-  One ID card and one electronic record that captures your total health
-  Enhanced collaboration between your medical and dental care teams
-  Seamless integration with Kaiser Permanente pharmacies
